

Practical Exercise Scenarios

Scenario 1 You are the Unit Supply NCO for HHS, 1st BN 100th FA (MLRS) at Camp Keating, Arkansas 95701-0001

Today's date is 1 May 2005.

As you are reviewing your PBUSE Primary Hand Receipt you notice the serial number 062688 in LIN: T61494 is a different configuration than the rest of the HMMWV's you have.

You go to the motor pool and check the data plate on the vehicle. The data plate indicates that this is an M998A1 with a NSN of 2320-01-371-9577 instead of an M998 and NSN of 2320-01-107-7155.

Prepare an AAR to adjust the error.

This is the first nonexpendable document of the day.

Scenario 2 You are responsible Unit Supply for HHS, 1st BN 100th FA (MLRS) at Camp Keating, Arkansas 95701-001

Today's date is 1 May 2005.

During a review of property book items, you found an entry for Cabinet key, LIN C49073 that is now expendable.

Having looked up the item in CTA 50-970, you know the NSN is 7125-00-285-3049

Prepare an AAR to change accounting requirements.

This is the second nonexpendable transaction of the day.

INSTRUCTIONS

Complete **DA FORM 4949** from the options given in the drop-down menus for each field. Some fields require that you place an x in the correct box by clicking on the box in the appropriate areas of the form. When you have completed the exercise, click on the Check Answer button to view your results. After you have checked your answers, you may see the correct answers by clicking on the question mark below the Check Answer button.
